

Bible Journaling for Beginners – Study Methods

Study Method

We use the GOD method for studying the word, but you can use any method you choose. Learn more about the different methods here: <https://www.biblejournalingministries.com/soap-method/>

G is for Grow

Approach the Word with the intention to learn something and ask God that he might grow you in his Word today.

O is for Observe

Similar to the SOAP method, consider what God wants you to see in the Word and how you might apply it to your life.

D is for Draw

Drawing, illustrating, and writing are methods that creative people use connect with the message in a meaningful way. You can draw pictures in your Bible, paint, illustrate a beautiful picture, or simply doodle. If your Bible already includes images, you can color them as well.

There's no need to try for perfection. The point of drawing is to help you connect with the Word. Often, the serenity that you feel when coloring or creating helps you meditate longer and spend more time with God than you have in the past. It truly is a beautiful thing.

Give it a Try!

Grow

As you begin today's Bible journaling time, approach the Word with the intention to learn something and ask God that he might grow you in his Word today.

Read the verse

Write the verse in the space provided below.

Observe

What is it that God wants you to see in the Word? How can you apply this to your life?

Draw

Go deeper into this verse by illustrating, tracing, painting, or drawing in your Bible or journal. You can also use the space below.
