

## **Presenting Information on An Article V Convention of States**

- ★ It can be as short and simple as a three minute conversation while standing in the checkout line at the grocery store and handing out a palm card.
- ★ It could be a five or ten minute discussion while sitting in the waiting room at your doctor's office.
- ★ It may even be a 20 to 30 minute presentation with a Power Point or Prezi as a visual aid at gathering of a local club, association, or organization that has invited you to speak.
- ★ If speaking in public isn't your thing.. Then maybe hosting a Free Conference Call webinar could be your method of choice for sharing the solution of an Article V Convention of States.

Whatever means you choose to get the word out about Convention of States, it will take preparation, practice and something more: encouragement from your state COS team and recognition for your efforts.

### **This is why we are starting this COS Presentation Workshop Program.**

It will be an ongoing offering of opportunities for new and "more seasoned" District Captains and other Florida COS leaders to get together via an online webinar service ([freeconferencecall.com](http://freeconferencecall.com)) to share ideas on how to present, give actual presentations to each other for critique and guidance, or just observe others and ask questions on how to share and present on Article V.

**September 17th is Constitution Day.** It will be a great opportunity to mention our efforts to restore that blessed document. Also, the last week of September is **Celebrate Freedom Week**, which is a time that Florida Schools are expected to teach on the Constitution and the Founding of our Nation. Therefore, we will be gearing the first several weeks of our workshops toward presenting to children and college students, and then ultimately a "more mature" audience. Please join us.
